LEED CORE CURRICULUM

“I’d like to green my home. What are the basics?”

“My community is starting to talk about greening its schools. What is green building?”

A logo consisting of a dark green rounded rectangle with the text "Green Building Basics & LEED" in white.

Green Building
Basics & LEED

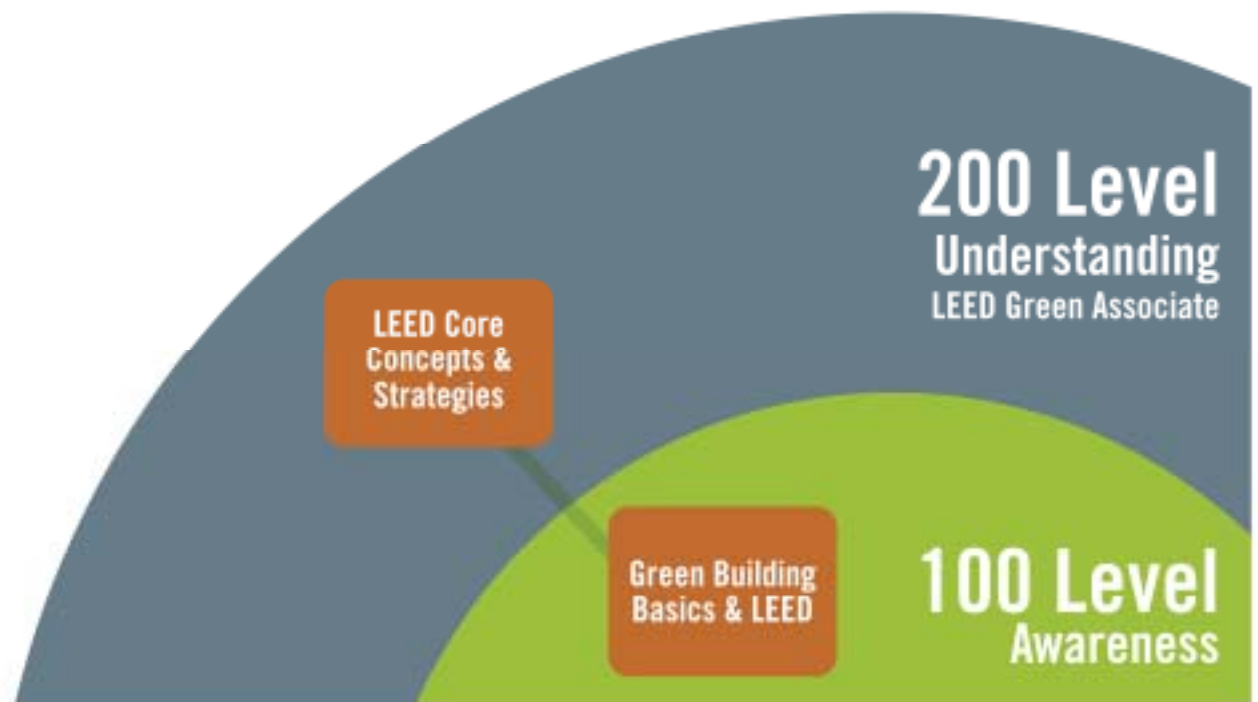

A logo consisting of a green semi-circle with the text "100 Level Awareness" in white.

100 Level
Awareness

“I’m a real estate broker and need to communicate green building principles to my clients.”

“I’m a city manager and need green building and LEED knowledge to communicate with the executive branch and constituents.”

“I’m a transit provider and want to not only learn about green building and LEED, but also earn the Green Associate credential.”

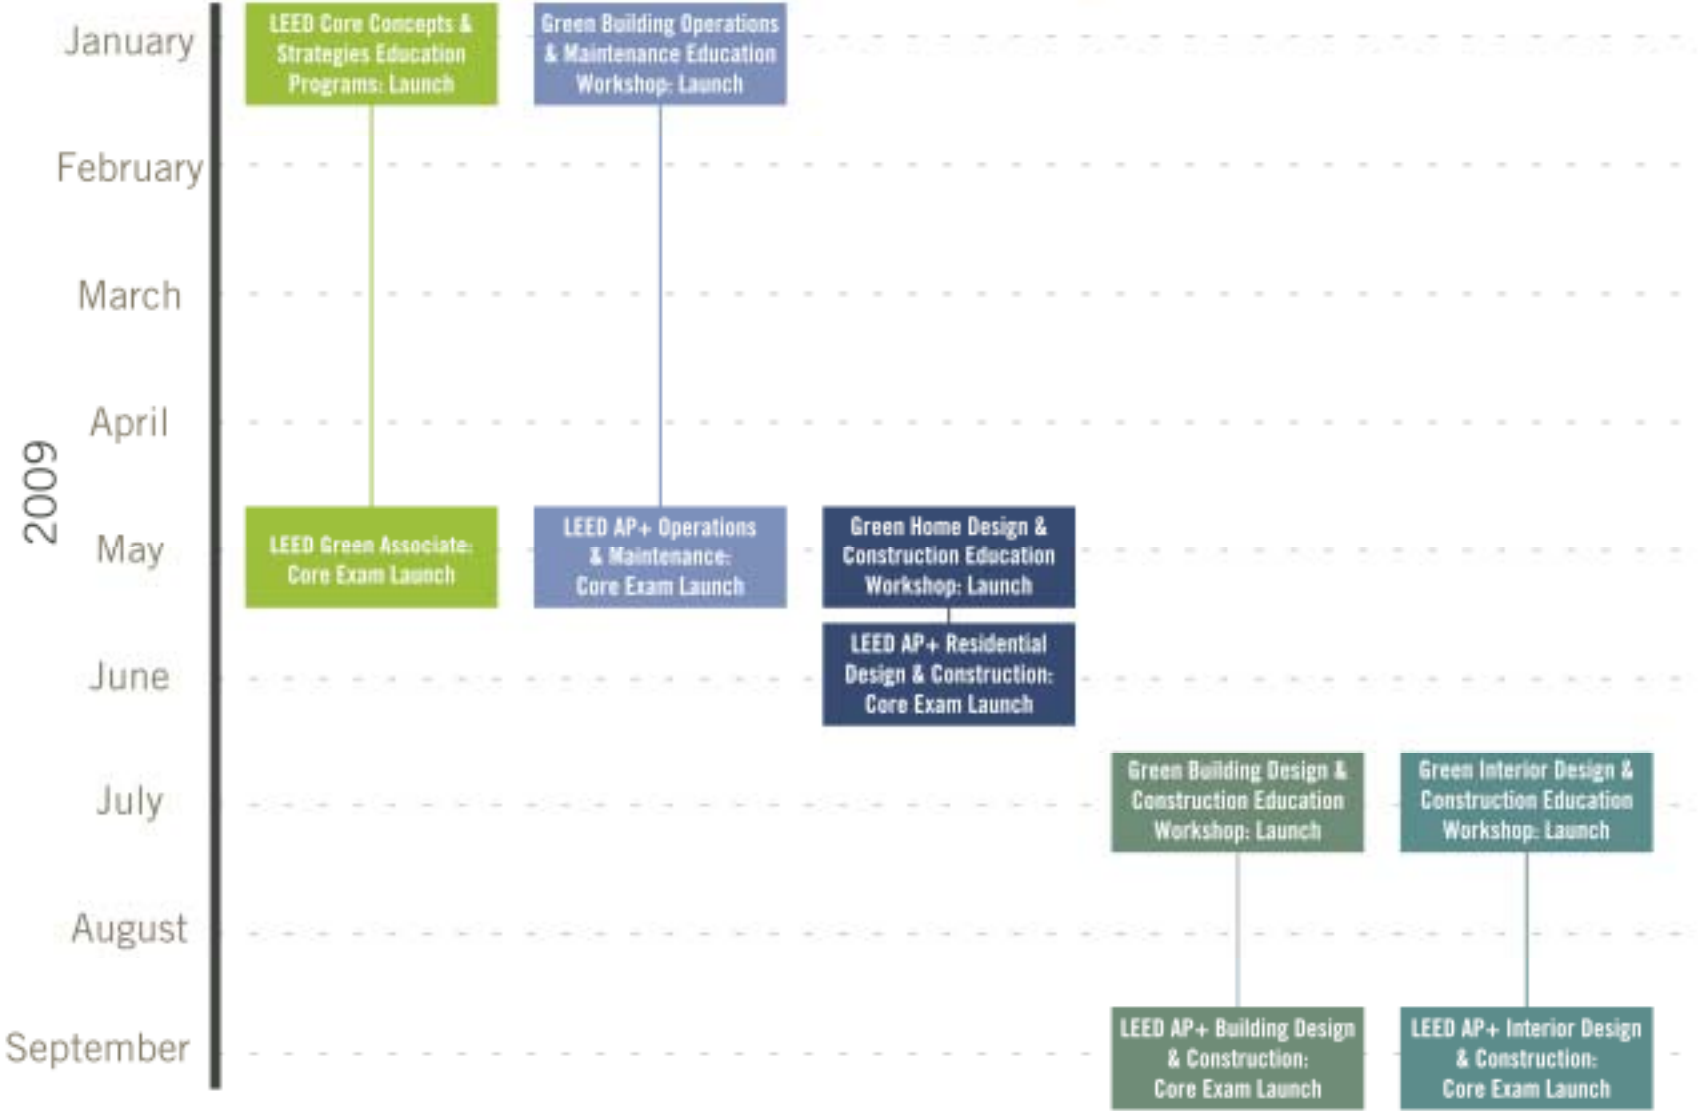

“I’m a new graduate and just landed a job with an AE firm that does LEED projects. I’d like to get the LEED AP credential after I build my practice experience.”

“To stay competitive, our firm plans to educate its entire staff about LEED – from the basics to implementation.”
